

Kanban board: Proof of use

Below are screenshots from the Kanban board throughout development. The kanban board was primarily used to track feature development throughout the second semester of the university year. We used Notion as an all-in-one solution for documentation, research, and team-management as well as for the Kanban board.

Team: Congo Basin, Council: Staffordshire Council
Members: Reuben Atendido, Muzamil Ali, Harry Davis, Manik Aggarwal, Burhan Tekcan
